Serial No. 1

From The I G of Police.
A C 39/ARP/42-43 d 16th Jan 42
enclosing a Noh prepared by the ARP Controller B city on ARP Canteens and requesting Sanction for putting the arrangements in force.

The ARP Controller wants a lumpsum provision of Rs 1000/- for the purchase of Vessels for all the 4 ARP Canteens proposed and Rs 10000/- for stocking foodstuffs and for payment to the Servants.
The I G S wants to propose to entertain any Staff nurses for the purpose. These Canteens will begin to function only when the ARP personnel have no hours to go for food or when they are required to stay at their posts indefinitely.
Asks for perusal and orders whether the scheme may be approved and Sanction accorded to the amount asked for.

QS 21/1 Sec

The proposals of the A.R.P. Controller deserve to be recommended by the I.G.P. for favourable consideration. In view of the circumstances in which the canteen is to be opened and running a canteen and stocking the articles, it is not possible to arrange with some

A.R.P. CANTEENS FOR BANGALORE CITY.

SIR

I have the honour to enclose a note on A.R.P. Canteens for Bangalore City in an emergency, prepared by the A.R.P. Controller, Bangalore City and to state that I have carefully gone through the note and agree fully with the A.R.P. Controller. I request that the sanction of Government may kindly be obtained for putting the arrangements in force.

CHIEF SECRETARY
21. JUL. 1942
GOVT. OF MYSORE.

KVN. 21/7 16/7

I have the honour to be,
Sir,
Your most obedient servant,

INSPECTOR GENERAL OF POLICE.

NOTE ON A.R.P. CANTEENS FOR BANGALORE CITY, PREPARED BY THE A.R.P. CONTROLLER, BANGALORE CITY.

The idea is to have 4 A.R.P. Canteens, one for the A.R.P. Combined Depot situated in the Secretariat Garage near the Control Room, and one each for the 3 A.R.P. Divisions, namely (a) at Sajjan Rao's Choultry for the South Division, (b) at Subbiah Setty's Choultry for the Central Division, and (c) in the Sri Rama Mandiram for the North Division. These Canteens will begin to function only when the personnel have no houses to go to for food or when they are required to stay at their posts indefinitely. But it is necessary to make all preliminary arrangements so that the Canteens may begin to function at a moments notice.

For this purpose, we must not only have the necessary vessels in view, but keep them ready at the respective places either by purchasing or by borrowing. I have suggested in a separate file, getting vessels from the General and Revenue Secretariat for the Depot Canteen at the G.R.S. Garage. It is enough if we make provision for about 100 persons here. In the other places, the vessels belonging to the Choultries or to a private individual who is willing to place them at the disposal of the A.R.P., may be secured now alone and kept under lock and key in a room of the Choultry or Rama Mandiram The Watchman in charge may be paid some allowance from the A.R.P., to look after them and place them at the disposal of A.R.P., whenever required. In other words, the vessels that are already in the Choultry and which are now in the custody of the Choultry authorities will be in the custody of the A.R.P. without the formality of indenting for them when the emergency actually arises. The A.R.P. Controller will come to an agreement with the Choultry authorities in this matter. If that is not possible, necessary vessels will have to be purchased and kept.

A lumpsum provision of Rs.1,000/- may be made for all the Centres put together for the purchase of vessels.

As to the provisions to be stored at each place, a room may be taken possession of and the quantities as noted in the statement attached kept in each place. I expect that about 100 persons will

will have to be provided for per day per meal at the A.R.P. Depot and 500 per meal at each of the other Canteens. It should be possible to feed 6 persons per rupee in ordinary times including cost of provisions and cost of service. But in the unsettled times we are contemplating, the cost may go to 4 persons per rupee. The cost for two meals at each Canteen will therefore be Rs.250/- per day for feeding 500 persons. In addition, it will be necessary to make provision for refreshments between meals, one in the morning and one in the afternoon at As.4/- per head for both items making a total of Rs.375/- per day, per Canteen. As it would be necessary to stock sufficient provisions for at least 10 days, a sum of Rs.10,000/- at least has to be placed at the disposal of the A.R.P. Controller for stocking food-stuffs and for payment to the servants.

It is uncertain when the emergency will arise and it will be a waste of money to employ the staff for Canteens from now alone. On the other hand, they may not be available when we wish to employ them, as such of the cooks and servants that are now in Bangalore may run away. It is therefore, necessary to have a nucleus of reliable cooks. The Proprietor of the Cubbon Park Restaurant has undertaken to give a staff of 6 Cooks and servants for the Depot Canteen and the Proprietor of the Mavalli Tiffin Rooms has undertaken to give a similar number for Sajjan Rao's Choultry. Similar arrangements will be made with Hotel Proprietors for the other Centres. Arrangements are also being made to train some Scouts and Rovers and A.R.P. Volunteers in cooking and serving. Some in the Police and Civic Guard Force may also be given the necessary training so that they may be available in the last resort.

In addition, there will have to be Mobile Canteens for going to the scenes of incidents at the rate of at least one per Division. We will have to have 3 vehicles ready with the

the necessary fittings. I am arranging for one in consultation with the Indian Tea Market Expansions Board, and we may arrange the other two after gaining experience.

The immediate thing to do now is to stock sufficient vessels and provisions in the 4 Centres, and arrange for their proper custody. Officials and peons may be deputed from the Offices to issue and keep proper account of the stores when the emergency arises. In the meanwhile, the Proprietors of Hotels or Restaurants may be asked to keep the stock rotating by drawing their requirements from these stocks. The details will be worked out in consultation with them. It appears to be unnecessary to entertain any staff now. The more important thing is to get the cash and the provisions and keep them ready and have the necessary vehicles also equipped.
